Description

Sired by the AI Sire, Varilek Geddes, 8501 will add extra frame, length of body, growth and early puberty for his daughters! He ranks in the top 1% of the Angus breed for WW & \$W, top 2% for YW, top 3% for CW, top 10% for Milk, top 15% for Docility, \$M & \$C and top 20% for Hair Shed. His dam has a 337-day calving interval and her first calf, 8501, weaned off with a 114 WWR. He also posted a 109 YW ratio. If you need growth, be sure to put this calf on your list!
