LOT 38 - 9-8 Gilt

Ear Notch 9-8

Breed Cross

Sire All in All

Dam Sire Family Ties

Breeder/Farm Lowdermilk Showpigs

Description

Lots and lots of things to like about these 9 litter pigs!! These come from the 90-11 sow that has always done us a great job at making fault free good feeding swine. The originated from Kilmer's and has produced many top level pigs including a class winning gilt at the 2021 Indiana State fair along with another gilt that went second in a very tough class that same year. Her second litter produced many good feeding pigs that found the back drop in Georgia placed by Andy Royal! No holes easy feeding option here with one that has some extras!!
