Description

A very nice complete functional heifer that is smooth in her lines, soggy middled, ultra sound from the ground up and clean fronted. This heifer comes from a long line of successful show ring pedigree going back to the original Cotton's Blessing(P43319387). Mixed with Ribeye 88X (43091446)this heifer offers both production and show ring potential. She is AI bred the calving ease VCR 711E Convoy 41H (44195422) due to the middle of November. We are excited to offer this heifer to you and look forward to following her career.
