Description

KG Justified 3023 is a proven calving ease sire (top 10% CED & top 4% for BW) that adds tremendous marbling (top 10%) without giving up a maternal power that is needed in today's Angus genetic base falling in the top 3% for \$M and 5% for \$W. This attractive daughter out of the great Donna 571 is a great combination of useful genetics, kind and quality. Sound in structure, attractive in her profile and plenty of substance. She sells bred AI 5/4/23 to Sitz Galactic 723G and PE 5/25/23 - 7/10/23 to Saint James (Reg.# 20298444).
