Sire Registration Number 4104347

Dam Rockin H Ms Fitty F50

Dam Registration Number 3434659

Breeder/Farm Beck Cattle Farms

Description

A unique opportunity to purchase purebred embryos by the popular KBHR Keynote. Keynote brings a lot to the table by offering calving ease, marbling, ribeye, as well as moderating frame and adding depth of body. Combine this to the great TNT BCR Unified cow. She adds a great spread endowing these embryos with high traits in the breed, including WW, YW, ADG, MARB, REA. Physically she is a prototype for practical and industry changing Simmental females. Moderate and heavy, with tremendous body dimension and being nearly perfect in terms of feet, structure, and udder design, we simply need to reproduce her kind over and over.

Quantity: 3
