LOT 301 - Can Am Hallmark

Type Bull

Registration Number 20717343

Tag 301

Birthdate 01/01/23

Sire Connealy Big Valley

Dam Can Am Pride 330

Breeder/Farm Can Am Cattle Company

Description

A standout since birth and one we are truly proud to offer, Can Am Hallmark. He topped the entire calf crop with adj. WW of 840 lb., despite an arid summer. A full brother, Can Am Irl, highlighted last year's selling to Steve Williams, MT and M R Angus, WY. Like his full brother, Hallmark possesses the same quiet demeanor, genuine width and muscle, and dominating performance but does so with a little more stretch. His steadfast Broken Bow Dam just turned eleven and continues to impress us with her ability to "stamp" her sons with consistency and a distinct herd sire look. She will be referenced several times as the 2nd and 3rd dam throughout the offering, a testament to her influence. We have just started to flush her, so look for her ET calves in next year's sale.
