Sire Woodhill Authentic

Dam Can Am Pride 721

Breeder/Farm Can Am Cattle Company

Description

One of the highlights of the calf crop. 307 is a big-time daughter of Woodhill Authentic out of a densely made Traction daughter who maintains a calving interval of 5@366. 307 is a stunning female with a tremendous look of quality, body, and balance. A maternal brother sold in last year's sale to Tim Lenz, IL. 3rd dam would be the dam of Pride 513. A sporty pedigree with a great phenotype = promising potential.
