

Sale Name: Montana Ranch Embryo Auction

LOT 4 - Frozen Embryos

Description

3 IVF embryos sired by Mill Brae Benchmark 9016 from Coleman Donna 505

Benchmark 9016, featured in the Montana and SAV programs, is one of the hottest and widely used young sires in the breed this spring. A big-scrotal EPD and highly fertile son of Confidence Plus, Benchmark was produced from Joanie 3063, a phenotypically ideal Pathfinder Dam in the Montana herd. Gorgeous in her design, Donna 505 blends exquisite femininity, striking stoutness with unparalleled structural soundness, and is widely recognized as the most powerful and prolific daughter of the Pathfinder sire, Resource. Progeny from Donna 505 have headlined past Montana Ranch production sales with Donna 7001, selected as a feature of the 2020 sale by Thomson Land and Livestock; Donna 9218 going to MonadnockAngus in the same event; Donna 8075, selling to Beartooth Angus as the 2nd high-selling bred heifer of the 2019 sale; Fred 8207, the \$20,500 top-seller of the 2019 bull sale to Koupal's Angus; Foreman 8076, the \$19,500 2nd high-seller of the 2019 sale to Little Goose Angus; and Donna 8210, a private treaty selection of ZWT Farms.

Guarantee of 1 pregnancy if implanted by anA ETA certified technician.
