HILD BROS SHOW STOCK

SIRE: SWITCHBLADE SAM (RIDE TIME X FREESTYLE X 15197) | DAM: 21334 DONOR (HAPPY DAYS X 78)

These embryos would be 3/4 sibs to Trey Goretska's Champion D3 at the American Royal, and 4th Overall at the Iowa State Fair. This young donor has definitely been climbing the ranks, making a keeper Cowboy Way ewe in year one, and her unique Ride Time wether that was shown successfully all summer an into the fall by the Gorestka Family. Early reports on the Switchblade Sam lambs have been nothing short of phenomenal, and the ones we have at home look to have some huge upside potential- no doubt looking like he'll be our lead FF buck heading into '25 breeding season. Foolish to sell some embryos on a mating we haven't even seen yet. **These should be some ultra white featured, cool looking creatures.**
