**Dam** Tehema Pride Dent D128

**Dam Registration Number** 18475358

**Breeder/Farm** Cool Ridge Cattle Co

### **Description**

- **Tehema Pride Dent D128** - The Pathfinder donor dam of the Lot 208A and 208B. This cornerstone donor from Mystic Hill Farms' genetic arsenal is a private treaty selection from the embryo transfer program at Tehama Ranch, in California. Described by one astute cattleman as being "Arguably the stoutest Tahoe daughter in America," this incredible donor cow earned her reputation and path to the donor pen the old fashioned way, she worked for it. While at Tehama Ranch, D128 earned an impressive track record with 6@102 BR; 5@105 WR; 4@101 YR; 4@104 RE; 4@109 IMF. Her combination of maternal merit, foot quality, carcass traits, and fertility makes her a rare find in today's industry. This female excels in fertility and has been a tremendous embryo producer.

- Cool Ridge Cattle Co., Max Meadows, VA, Cooper Reynolds (276) 613-1829
