Simmental Percentage 3/4 Simmental

Breeder/Farm ALFORD, KY

Description

Miss CCF Sugar and Spice is making an impact for her owners. One maternal sister to 443M was the previous \$22,000 high selling female of past Clear Visions sale to the Chafin family of Georgia. Another maternal sister to 443M was featured this past March at the Kentucky Beef Expo selling to the Mullins Family of Kentucky. A crowd favorite at the 2023 Source Bull sale was a maternal brother to Spic Girl that was purchased by longtime customers and friends at Smith Brothers Cattle of Pavo, GA. Another maternal sister to Spice Girl was the \$10,000 selection of the Moon family that went on to be selected as the Reserve Champion High Percent Simmental female at the 2023 GA National Livestock Show. Spice Girl is a big bodied, easy fleshing female with an excellent skeletal build. She's ready to go showing this summer. Pack your showbox and bed your trailer!
