MONTANA DONNA 2203
The \$75,000 daughter of Donna 4356

While there is more story behind the ten-year-old Donna 4356 than we can contain to this footnote, we believe the best is yet to come. Recently, a one-half interest in 4356 sold for \$27,500 to the partnership of Sadler Ranches and 3R Livestock. This easy-fleshing, deep-sided and feminine dam of the \$75,000 Donna 2203 earns progeny ratios of BR 3-85; WR 3-101; YR 3-99; IMF 49-106; and RE 49-101, and ranks in the breed's top 1% dams for \$Maternal. With his first daughters now in production, the \$45,000 deceased rare-semen sire, Revered, is recognized as one of the elite young sires for making right-sized, functional and maternally-efficient daughters.
