A great chance to get in on the first Redemption daughters getting ready to calve. The Redemption cattle were the most highly sought after group in our 2022 spring production sale. 2125 is a powerful, good looking female who is very hard to part with. Her genetic blend is rich in four of our all-time best sires Redemption, Boulder, Colossal, Triple Stack and stems from our stellar income producing Blackcap family, who are stamped with outstanding maternal qualities and longevity. Her mating to the ST, Genetics GAR Sunbeam offers a new era of fresh genetics in our program and now they can be passed on to you. Examined safe in calf to GAR Sunbeam, due 1-12-2023

This is definitely a highlight Crackerjack female that gets us excited with the amount of quality and phenotype she brings to the table. Her spirited composure would be well suited for an experienced cowman. Her calf will be line-bred with 316 genetics as she is carrying the service of the astoundingly built, newly acquired Beef 360 Sire Musgrave Moxley. We have seen stacking 316 genetics for consistency and it works great! Examined safe in calf to Musgrave Moxley, due 1-30-2023
